

SWEET DREAMS

BHQG BLOCK OF THE MONTH 2014-15

This project is an easy project for the beginner quilter. From November 2014 to December 2015, you will make different blocks each month. The first set of patterns for the Sweet Dreams Sampler kit was available at the November 13, 2014 guild meeting. Payment was due at that time. Instructions are available in either pdf format to be mailed to the participating member or in hard copy format to be picked up at monthly guild meetings.

The SWEET DREAMS Sampler kit contains no fabric. The sampler is intended to be scrappy. Blocks are 12inch square.

This project is full and not available to new registration at this time.

Look forward to the new BOM project starting up in January 2016.
