From Sharon - the Happy Tipster!

In May there were 12 submissions, by 11 Guild members, for our "Tip of the Month". We did have a duplicate from a

previous month "Measure twice. Cut once", which is a tip we all need to be sure to follow.

Thank you to everyone who participated in our "tipsy" activity. All these tips are winners in my book. However, I do have a new

favourite. "Quilt in a satiny nightie. The threads won't stick to your clothing", submitted by Mary. I have a vision of the next quilt retreat, with all of our participants in fancy nighties.

I hope that I have captured all the tips & not left anyone out. If by chance I have missed yours, please accept my apologies. And again, thank you for sharing. .. and playing.

NEWSLETTER DEADLINE FOR THE SEPTEMBER ISSUE IS AUGUST 20.

DEMO and BLOCK OF THE MONTH with Cathy Eagles

Cathy will demonstrate eight different blocks using the tech-

niques for half-square triangles and fourpatches that were taught in April.

Packages will be available for a toonie, so you can try out one of the eight. Instructions for all eight will be included. This will be a quick project to work on over the summer. And to be returned for the draw at the September meeting.

SOME HANDY HINTS FOR QUILTERS

- 1. **Read directions first, cut later.** To help avoid mistakes down the line, always read the complete cutting instructions before you begin.
- 2. **Make the most of your yardage.** Cut out the larger shapes before turning to the smaller ones. Even though you try to be super careful and follow the 'measure twice, cut once' rule, mistakes can happen. If you accidentally miscut a larger shape, it's usually possible to cut a smaller shape out of that oops piece.

PRESIDENT'S CORNER

Hello Quilters!

Welcome to summer and I am hoping it will be a little more predictable than spring has been.

We have a stationary trailer located in Kintail, between Goderich and Kincardine. We arrived on Mothers' Day weekend to find our whole lot deeply covered in fall leaves. After raking, there was just dirt - our straggly grass was gone. After two full days of rain, we arrived at the trailer to a huge mud patch. My husband has very optimistically seeded the lot and we will see what we find this weekend.

As I was preparing kits for my class at Five Oaks, it suddenly occurred to me that I needed to prepare a president's challenge to add to your summer to-do list. Watch for it at the June meeting!

Sincerely,

Joanne

We will set up worktables according to the response from you.

We will meet on Thursday, June 8, 2023 from 9:30 AM to 3:30 PM at the St. George United Church.

If you are interested in joining us, please email Sue.

FROM YOUR OUTREACH COMMITTEE

You have done it again! So many great items have been donated to Outreach!

We have finished quilts donated by Sue Baldauf, Rhonda Bennitt, Diana Ratsëp and Sandra Grummett. Several flimsies some with backing – were donated as well — this will keep Joanne, Sandra and members of the committee busy with quilting. We also received a few baby/children's panels which we were in need of, as well as lengths of backing fabric. Thankyou so very much!

Some of you were asking about sizes of wheelchair quilts. I researched and found that they range from:

33"x 40"; 36" square; 36" x 40" and 40" square.

They can't be so large that edges get caught in the wheelchair's wheels. If you check online, you will find that some of these quilts have pockets sewn on the front to keep hands warm.

Likewise, lap quilts have a wide range of sizes. Small: 36"x48"; Medium: 40"x 60", Large: 45" x 60" and XL: 54" x 72". These measurements are just guidelines.

If you need batting for an outreach quilt, please contact Stephanie.

If you have any further questions or concerns, please contact Stephanie Nemeth <u>steph.nemeth@outlook.com</u> Thank-you.

WORKSHOPS WITH COLLEEN

We are planning for workshops on the third Saturdays in October and November at the Gaukel Community room in the St George arena. However I am unable to make a reservation this far in advance so the dates will be confirmed when we return in September.

- October (potentially October 21st) to be determined.
- November (potential November 18th) needle turn appliqué with Roseline and Joan.
- ⇒ For January and February we are going to try out having a workshop dur-

ing a weekday and make use of St George United Church on our usual Thursday meeting dates in January (11th) and February (8th) as our meetings will be held on Zoom for those two months and we will not be using the church.

If you have any questions or suggestions, please contact Colleen Fauvelle: <u>rubyq231@gmail.com</u>

FIDGET/TOUCH QUILTS

Thank you for your interest in making fidget/ touch quilts for young children, special needs youth and for the elderly, especially those with Alzheimer conditions.

At this time, **we need at least a dozen quilts** to go to identified places of need. One place is a group home called Guiding Hands for challenged adults in Brantford.

Look for Joy Archer at the June guild meeting — We will have more kits prepared by Judy Taylor and Joy. This makes it easy for you to complete a fidget quilt. And you can work on them in the summer.

Your BHQG Fidget/Touch Quilt subcommittee Joy Archer, Judy Taylor & Sue Baldauf

SPECIAL EVENT WORKSHOP DAY AT FIVE OAKS, May 25, 2023

Our day at Five Oaks was great fun. The 31 participants came away with memories of smiles and laughter after delicious food and drink, another famous BHQG/Aline auction, and of course learning new skills from workshops.

The half-day workshop format worked well as everyone was able to benefit from 2 out of 4 workshops. Thank you to our instructors Roseline Dufour with Wonky Log cabin, Linda Bodkin with Cathedral Windows, Joanne Beard with Paper Piecing and Sue Baldauf with Selvedge Tote bag.

Our UFO gang had a comfortable space to work on their own projects all day.

Thank you to our members who gave us the ideas and suggestions that made the day take shape. Thank you to all who helped during the day with set up and clean up-especially Verna Radford and Lisa Scott. Many hands make easy work.

With the positive response to this event, another Workshop Day will be planned for

the future. Jump in now at this opportunity to be part of that planning. Let Sue or Roseline know of your interest.

HELPFUL TIPS with Sharon Hamilton ... continued from previous page

| Name | TIP |
|------------------|---|
| Lisa Scott | No matter how much experience you have, you always have something to contribute at the quilting retreat. |
| Becky McAlister | Sew your label onto your backing before quilting it. It will keep it secure & harder for people to steal or claim it for their own |
| Linda Raney | Best little ripper going!! The Conair moustache trimmer. Fast & simple. Used it for years. |
| Colleen Fauvelle | Keep tweezers in your tool kit to use to: |
| | - thread your needle |
| | - guide your fabric to the pressure foot |
| Pam Turner | Use weights to hold down your rulerreally keeps your ruler in place & helps your body. I have a 5 lb. weight & love it. Courtesy/credit to Donna Jordan of Jordan Fabrics. |
| Kari Astles | If you find a fabric you like, buy 3 yards minimum. |
| Joy Dunning | Store scraps in 1 1/2", 2", 2 1/2" & 3" strips in bags of light colours & dark colours. |
| Mary Connan | An inexpensive manicure set from the \$ store makes a great sewing kit. - clippers to cut thread |
| | - toe separator for holding 4 bobbins |
| | -cuticle sticks for a stiletto |
| | - nail file for filing rough nails or sharpening pins |
| Aline Chan | If you have to rip out, use a seam ripper to undo every 4th or 5th stitch on the bobbin-side of the patches, Then pull the top thread & the seam will magically unzip |
| Verna Radford | Measure twice & cut once |
| Judy Taylor | I use dried slivers of soap to mark on dark fabric |
| Jackie Kaye | Don't spend all your money at the first quilt shop!! |
| Bonnie MacDonald | For easier gathering of material – zigzag over dental floss. It won't break like regular thread does |
| Aline Chan | - Spray your fabric with spray starch! It helps shrink your fabric and the pressing helps set your col- ours & it makes patchwork pieces align more precisely |
| | - Be precise! To ensure points & seams match pefectly, you must cut correctly, sew accurately and press precisely. |
| Lisa Scott | Be kind to yourself. Nobody's perfect. |
| Dianne Thomas | To keep fabrics with strips or patterns from shifting while sewing two pieces together, be sure to pin them together AND use your machine's walking foot. It feeds the top & bottom pieces simultaneously. This is especially helpful when piecing fabrics of different textures such as the ones in fidget quilts. |
| Linda Bodkin | A 12" finished square is 12-1/2' before attaching. 6" is 6-1/2". 4" is 4-1/2' etc. Ask how I know! |
| Kerry Alldritt | If you have not tried 60 wt. thread in the bobbin when piecing – give it a try. |
| Mary Connan | Always quilt in a satiny nightie, the threads won't stick to your clothing. |
| Ofelia Escareno | Pressing tip: Set the seams on the back side of fabric, then flip over &, from the the front, press so they face the darker fabric. |
